

Α Προπαιδευτική Χειρουργική Κλινική ΕΚΠΑ, Διευθυντής Γ. Ζωγράφος
Μονάδα Χειρουργικής Ανώτερου Πεπτικού, Υπεύθυνος Δ. Θεοδώρου

MASTERCLASS ESOPHAGOGASTRIC SURGERY PART I: MALIGNANT DISEASE

17-18
Σεπτεμβρίου 2015
17-18 September 2015

ETHICON
PART OF THE *Johnson & Johnson* FAMILY OF COMPANIES

Ίδρυμα Ιατροβιολογικών Ερευνών Ακαδημίας Αθηνών
Biomedical Research Foundation Academy of Athens

THURSDAY 17/09/2015

“ESOPHAGEAL CANCER”

ROUND TABLES / LECTURES

- Esophageal Cancer
- Epidemiology, Screening, Gerd Co Adenoma sequence
 - Current management of HGD and T1a disease
 - Preoperative staging
 - Role of neo and adjuvant treatments
 - Extent of LND
- Current evidence for minimal invasive technique

VIDEO PRESENTATION OF TECHNIQUES

- Laparoscopic Transhiatal Esophagectomy
- Thoracoscopic Lymph Node Dissection
 - Endoscopic Resection (EMR)

ANIMAL LAB

- Laparoscopic Mobilization of stomach and lower esophagus
 - Lymph Node Dissection
- Thoracoscopic mobilization of the esophagus
 - Different types of grafts
 - Different types of anastomoses

POSTOPERATIVE CARE & COMPLICATION MANAGEMENT

FRIDAY 18/09/2015

“GASTRIC CANCER”

ROUND TABLES / LECTURES

- Epidemiology, Screening, role of HP infection
- Current management of enteric metaplasia and T1a disease
 - Preoperative staging
 - Role of neoadjuvant treatment
 - Extent of LND
- Current evidence for minimally invasive approach
 - Eg junction: Is it a different disease?

VIDEO PRESENTATION

- Laparoscopic Gastrectomy
- Different Types Of Anastomosis

ANIMAL LAB

- Laparoscopic Gastrectomy
- Lymph Node Dissection
- Types Of Anastomoses

POSTOPERATIVE CARE & COMPLICATION MANAGEMENT
