“5th Athens Forum on Robotic Surgery in Urology”

Friends of
Robotics

Metropolitan Hospital
1-2 June 2018

Final Program

Under the Auspices of the
Hellenic Urology Association.

Welcome Message

Welcome in Athens, to the 5th edition of the International Forum on Robotic Urology.

Last year urologists, oncologists and pathologists coming from eight European countries achieved a monothematic approach: kidney cancer.

This year the theme of our conference will be prostate cancer. For first time in Greece, four (4) robotic radical prostatectomies will be transmitted live from the operation theatre.

We hope the choice of lecture thematic and the comparison of the life transmitted minimally invasive procedures will keep alive the interesting of the attendants and the colleagues.

We are waiting for welcome you in Metropolitan Hospital, in Neo Faliro, in the nice Riviera of Athens.

Prof. Deliu-Victor Matei

Ass. Prof. Nicolae Crisan

Ass. Prof. Vassilios Poulakis

Scientific Program

Friday, June 1, 2018 / Metropolitan Amphitheater

8:30-10:30 Live Surgeries

Room 1: Bilateral NS RALP, *Vassilios Poulakis*

Room 2: Extended LND + NNS RALP, *Nicolae Crisan*

10:30-11:00 Coffee break

11:00-12:20 Early low & intermediate risk PCa

- Eligibility criteria for active surveillance: up-to-date *Stefano Luzzago (IT)*
 - Genic prognostic factors: the last frontier *Salvatore Pece (IT)*
 - Drop out from active surveillance: what did we learn *Krzysztof Szkarlat (PL)*
- Discussion

12:20-13:00 Diagnostic workup

- Timing of MRI (detection, follow-up) *Eduard Galliamov (RU)*
 - The biopsy: the conceptual challenge: targeted or targeted + systematic *Nicolae Crisan (RO)*
 - The biopsy: the practical challenge: which targeting *Iulia Andras (RO)*
 - Pathology: how did the report change *Giuseppe Renne (IT)*
- Discussion

13:00-14:00 Light Lunch

14:00-16:00 Live surgeries

Room 1: NS RALP + template LND, *Deliu-Victor Matei*

Room 2: NS RALP, *Ivan Kolombo*

16:00-16:30 Coffee break

16:30-17:00 Lectio Magistralis: The role of PET-PSMA in PCa; hopes, certainties & disappointments

Federica Matteucci (IT)

17:00-17:10 Highlights of the Day

Saturday, June 2, 2018 / Metropolitan Amphitheater

- 09:00-10:00 **Locally advanced Pca**
- The role of surgery in high-PSA-non-metastatic PCa
Tomasz Borkowski (PL)
 - The role of surgery in oligometastatic PCa
Valeria Maria Lucia Tringali (IT)
 - The role of RT in synchronous and metachronous oligometastatic PCa
Giancarlo Beltramo (IT)
- Discussion
- 10:00-10:30 **Coffee break**
- 10:30-11:15 **Low risk PCa: How can a good boy become a bad one?**
- PSM due to intrafascial nerve sparing: impact and management
Ivan Kolombo (CZ)
 - Pelvic LND in low risk PCa: what did we learn
Deliu-Victor Matei (IT)
- Discussion
- 11:15-11:30 **Final remarks**
- 11:30-11:45 Closing Ceremony**
- 11:45-13:00 **Light Lunch**

The Market's Leader in Uro-Gynecological Surgery !

Kalteq offers a vast collection of high quality products dedicated in Uro-Gynecological Surgery, covering the needs of the most demanding and modern method procedures. Our range includes:

- * Laparoscopic Instruments
- * Stapling Instruments
- * Incontinence Products
